## 6. Quality Standards

The online Bilendi&respondi panel is used solely for the purposes of market research and for no other purpose. Membership and participation is voluntary and follows a double opt-in registration process. The panel is actively and centrally managed by a professional panel team. In order to ensure a high standard of quality, the panel undergoes a continuous quality control process using a thorough scoring and controlling system.

Since we recruit via our own opinion platforms and the telephone, the focus is on intrinsic motivation thus preventing sample bias due to 'professional' respondents.

We hold a large amount of information on each participant regarding their social demographics, Internet usage, interests, consumer behaviour, health, media usage, investments, and mobility. In accordance with European data protection law, personal data and survey data are stored separately. We would be happy to provide you with further information regarding our response to the ESOMAR guidelines for online access panels.

Bilendi&respondi is a member of the following organizations and operates in strict accordance with their guidelines governing online research.

### Bilendi Limited

8 Holyrood Street, London, SE1 2EL, UK. Tel: +44 (0)20 7819 2820  
Registered in England & Wales, Company Number: 0376 2049. VAT Registration Number: GB 743 898 285.

## 7. Other

Bilendi&respondi assures its client that all information relevant to the project will be treated in the strictest confidence. In particular, no data such as the names, addresses or other details of target persons will be passed on to a third party.

If quotas are changed or there is a change in the incidence rates included in this quotation, we reserve the right to recalculate the costs. In such a case we will issue a new quotation. Furthermore, we reserve the right to recalculate the costs for a project if the screening questionnaire is to cover more than six questions (including demographic details).

In the case of projects not programmed by respondi and not carried out on the Bilendi&respondi server (sample only), the client may have to close internal quotas.

Every interview carried out exceeding the requested sample size will be billed.

On completion of the project, all data will be destroyed, unless the client instructs Bilendi&respondi to store the data for a future survey.

Please take into account our t&c, accessible [here](#).
